

DRUM PUMPS

The chemical resistant Ezi-action® Drumpumps have been proven around the world for safety and reliability for hand pumping from drums and containers.

The revolutionary patented double action pumping principle with no critical parts means:

- fast, continuous flow
- no wear
- the pumping of viscous liquids
- all plastic construction

DESCRIPTION	CODE
Drum pump detergent 100LT & 200LT	DDP0010
Drum pump detergent 20LT	DDP0005
Drum pump service kit	DDP0045

MASTITIS DETECTORS

For superior detection of mastitis, early treatment and quick return to full milk production, Milfos offers the Ambic range of inline Mastitis detectors.

DESCRIPTION	CODE
